Iris Stone, AuD, FAAA, Doctor of Audiology, earned her degrees from New York University, St. John's University, and A.T. Still University in education, health administration, and audiology. She is a Fellow of the American Academy of Audiology, the Academy of Doctors of Audiology, and the California Academy of Audiology. She sits on the board of directors of the Calabasas Chamber of Commerce and was the United Chambers of Commerce San Fernando Valley's recipient of the 2016 Small Business Award and the 2017 Chamber of Commerce Chairmans' Award for service in the Calabasas community. Her clinical expertise is in diagnostic testing, including comprehensive audiological evaluations, tinnitus evaluations, and management with a specialty in hearing-aid fittings and rehabilitation. Her unique style is her ability to listen to the concerns of each individual and find a solution based on patients' budget acoustic, and cosmetic needs. Her focus is on her patients' lifestyles, always delivering thorough care with complete follow-up. Hear Clear Hearing Aids, Inc., offers a completely new approach to a hearing care facility. Appointments start on time and last as long as needed. Despite the fact that hearing loss is the third most common health problem in the country, technology has become so advanced that it is possible to restore a person's hearing almost 100% if they are properly diagnosed and fitted correctly with the right product. Dr. Stone uses state-of-the-art technology to test, counsel, and complete the needs of her patients, as well as provide the best quality care. Hear Clear Hearing Aids office is conveniently located on Park Granada across from the Commons at Calabasas.
